

ANTI-GRIPPE TABLETS.

There is no guess work about this remarkable cold cure. They cure colds, grippe and dengue quicker than any other known remedy.

Another important thing to know about them is, they are safe to take; they will not cause ringing in the ears or nervousness.

During the siege of dengue there was an immense sale for them as far as we know no one had the dengue if they took Anti-Grippe Tablets at the first symptom. In one house where there were twenty-four people only one had dengue. He didn't take the tablets, the others did and broke the disease up at the very start. Anti-Grippe Tablets have a sale in many parts of the world. Read this

CARTER COMMITTED SUICIDE YESTERDAY

SHOT HIMSELF IN THE TEMPLE
WITH REVOLVER AFTER WARN-
ING WIFE OF INTENTION.

David Carter a cousin of Governor Carter, committed suicide yesterday morning by shooting himself in the left temple with a 38 calibre revolver. Death evidently resulted instantly. It is supposed that Carter had become despondent from the effects of continual spreeing and as he had had no regular employment for some time, worry over lack of money may have also led him to take his life.

He had been on a spree for about two weeks preceding the crime but appeared to have sobered up yesterday. Early in the morning he informed his wife at their home in Palama that he was going outside to kill himself. She saw that he held a revolver in his hand so she became frightened and ran to the house of Captain of Police Kanaka, to warn the police officer of her husband's threat. Kanaka went after Carter but before he could locate the man, heard the report of a shot and was informed a few moments later by a Portuguese woman that she had seen Carter point the pistol at the left side of his head and shoot himself. The body was found in a rice field. The funeral of Carter will occur at 4 o'clock this afternoon, from the undertaking rooms of H. H. Williams.

Carter was about 35 years of age. He had been employed on the mounted police force three years ago but left the force. He had worked at times at Kahuku. He gained considerable notoriety during the trip of the legislature to the Leper settlement, by getting ashore and associating freely with his leprous brother. Carter testified that he had kissed his brother more than a hundred times on that visit.

A WEAK HEART
weakens every other organ of the body, for they all depend upon the heart to furnish them with an abundance of the pure life-giving fluid. To give the heart power to do this, Dr. Miles' Heart Cure has no equal. It strengthens and regulates the heart action, and furnishes nerve power, the vital element. Money back if first bottle fails to benefit.

The thoughtful Automobilist always provides a generous supply of sandwiches and a cooler Beer for his guests, when starting on a trip. These tend to relieve what otherwise might be a tedious wait while the chauffeur makes repairs.

The Incandescent Electric Light

has revolutionized the world of illuminants. As knowledge of domestic hygiene and its importance to home happiness spreads among the world's masses so the use of electricity in the home steadily increases. Life is too short to be worried with oil, wick, smoke, danger of conflagration, over-enthusiastic meters. Electricity brings none of these cares in its train. And best of all its cost is ridiculously small. Seekers after information relative to wiring will obtain immediate attention by 'phoning us.
